You both go out of your way to make less work for me, I aspire to someday doing the same for you.

Noreen,

To avoid confusion, use this version instead. I rejected my deletion of the word lands and deleted the comment.

I retract my comment about Indian country lands, the word lands in particular. I looked back at Kimi's comments and they do contain the word lands. My apologies for any

confusion.

Hi Noreen,

I am fine with all of their suggestions, with the exception of two places that I noted with comments. As far as I know, these are both boiler plate. So I am asking the team to think about whether or not we want to change these items in all letters moving forward. If not, I would recommend against these two changes. Please chat with Claudia and let me know how you would like to proceed. As far as the rest of the letter, go ahead and make the changes and we can begin routing in the air program. Let me know if you have any questions. Thanks, Dee
